Subject: Junior Pan American Championship in Guadalajara (MEX) from 19 to 21 June 2009

Dear Colleagues,

Following the last information received about the spreading of the swine flu, the pandemic alert is currently at phase 6, meaning that there is a risk of a worldwide pandemic.

FILA, in accordance with the Organising Committee and the Pan-American Council (CPLA), decided to postpone the junior Pan-American Championship in Guadalajara (MEX) from **23-25 October 2009**.

The updated programme and entry forms are attached to the present letter. I thank you for sending your preliminary entries by 23 August 2009 and your final entries by 23 September 2009.

Considering the exceptional conditions that led to the postponement of the 2009 junior Pan-American Championship, FILA allows the Pan-American Federations to participate in the junior World Championship that will take place in Ankara (TUR) from 4 to 9 August 2009 with no consideration to the number of participants in the junior Pan-American Championship.

Yours sincerely,

Raphaël Martinetti
FILA President
